Installation diagram (subject to actual size)

1, Press the wheel into the chair leg.

2, Put the gas lift into the middle hole of the chair leg.

3, Use 6 M6*30 screws and small washers to connect the seat cushion and the armrest.

4, Connect the seat cushion and mechanism with 4 M6*20 screws and small washers.

5, Use 3 M8*25 screws to enlarge the gasket to connect the seat cushion and the back steel plate.

6, Align the upper half of the assembled chair and insert the gas lift.

7, Insert the hanger directly into the headrest and the chair is installed.
